

KLOVE is a Christian Radio station that is broadcast nationally via FM Radio. I listen to KLOVE everyday and it helps me to keep a possitive outlook on life. I like to enjoy my music and not be worried about perverse lyrics and announcers. This is a wholesome station and I would miss it if it were gone.

The service that KLOVE provides to our community is an airwave community of Christians who pray for and with each other. This is a unique radio station: it provides "safe" radio - families/parents do not have to worry about what their kids and grandkids will hear KLOVE.
